BE YOUR OWN ACTION HERO >

# WELCOME TO THE ALL ACTION WORLD OF PAINTBALL, LASER TAG & AIRSOFT

Everybody loves an Action Hero, be it for real or just in the movies. It's a tough old world out there, and whatever the scenario, there will always be losers as well as winners. The important thing is to play an active part.

Paintball, Laser Tag and Airsoft gives you the chance to do just that - be part of a team that has a job to do, a mission to complete, colleagues to protect, comrades to rescue.

You'll need to be a soldier, marksman, quick thinker, strategist, team player, and a survivor, but above all, someone who's not afraid to get involved.

**IN EFFECT, YOU HAVE TO BE  
YOUR OWN REAL LIFE  
ACTION HERO!**

**ALL OUR  
VENUES ARE

**PROBLEM  
SOLVING**

Skirmish Paintball, Laser Tag and Airsoft are great ways to nurture and develop many important life skills in an environment that young people will respond to. Ideal for school excursions and activity days, Skirmish have developed a range of game scenarios which provide a naturally exciting and mentally stimulating environment.

A day of Paintball, Laser Tag or Airsoft provides young people with a physical and mental workout that will have them running around breathing in fresh air while making them think on their feet. Under the supervision of highly trained marshals, our activities are designed to assist in the development of leadership, team work, self confidence and problem solving.

The minimum ages allowed to play are Airsoft 12yrs, Paintball 11yrs and Laser 8yrs,

# SAFETY + STAFF

Safety is the key word at all sites. On arrival you will be issued with all the approved safety equipment designed for Paintball, Airsoft and Laser.

A comprehensive safety briefing will be given at the start of the day, before you are even allowed to touch any equipment. Our rules are vigorously enforced.

Full instruction and tuition is provided by our highly experienced Games Managers and friendly, specially trained marshals supervise your games.

Their main objective is to ensure that you have the day of your life with emphasis on fun.

## PAINTBALLS:

For your safety and protection of the environment, only paintballs supplied by Skirmish Paintball will be allowed. These paintballs are specially formulated and are all biodegradable and non-toxic.

**With years of experience and members  
of the UKPSF and UK Airsoft Governing Body  
your safety & enjoyment is paramount!**

# AIRSOFT

Just like Paintball, Airsoft is structured along the lines of a military unit fighting against another team. While the guns and rifles that are employed as part of the sport are very similar to the real thing, they are configured to shoot small airsoft pellets that will bounce harmlessly off the individual.

Typically, when a participant is shot with an Airsoft pellet, he or she is expected to voluntarily declare themselves to be dead and thus out of the game.

It's Paintball, without the paint!

# LASER TAG

Skirmish Laser Tag uses state of the art equipment. Laser is the successor to computer games and we offer the greatest laser battle experience available.

Skirmish Laser Tag is totally different from other types of laser and paintball experiences; players have a taste of combat conditions by handling a wide range of replica weapons, each firing a safe electronic beam.

Laser Tag allows players to physically experience combat in perfect safety, with a range of scenarios to suit all ages and abilities using our purpose built woodland paintball arenas.
